

## Institute of Engineering and Technology Sitapur Road Lucknow

### **AAGANWADI PRASHIKSHAN KARYAKRAM**

Women empowerment is one of the biggest tools for ‘effective development’ of any country. It means freedom of women from the vicious circle of social, political, economic and gender-based discrimination. Making women aware of their rights and developing confidence in them – is a central issue. It is essential for them to be skilled in order to be able to better serve their families at home as well as professionally. Skill development not only creates employment opportunities but also empowers them. The aim of skill development, in case of women, is not just simply preparing them for jobs; but also to boost their performance by improving the quality of work in which they are involved.

Keeping the aim in minds Institute of Engineering and Technology, Lucknow (popularly known as the-“Engineering College” in Lucknow) organized 3 days (6/08/21-8/8/21) Aaganwadi training Programme under the guidance and leadership of Smt. Anandiben Patel Hon’ble Chancellor and Governor, U.P
